Sir:

The Notice of Allowability dated January 5, 2005 does not acknowledge receipt of (1) the claim for foreign priority or (2) the receipt of the Certified Copy of the Priority Document for the above-identified application.

Applicant respectfully submits that priority of Korean Application Serial No. 49741/1998 filed on November 19, 1998 in the Republic of Korea was claimed under 35 U.S.C. §119 in the parent application (U.S. Application Serial No. 09/433,358 - U.S. Patent No. 6,459,118) and the above-identified application. The Certified Priority Document was filed in U.S. Patent Application No. 09/433,358 on November 4, 1999. A copy of the stamped-in postcard acknowledging receipt of the Certified Priority Document by the U.S. Patent and Trademark Office is enclosed. Accordingly, the Notice of Allowability should have indicated the Certified Priority Document was received in the parent application, U.S. Patent Application No. 09/433,358.

Thus, Applicant believes that no further action is required to obtain priority to Korean Patent Application 49741/1998 for the above-identified application. The Patent Office is requested to contact Applicant's undersigned attorney if this is incorrect.

Respectfully submitted,  
FLESHNER & KIM, LLP
